### Nappy Science Experiment

In Class 3 science the children were invited to test out nappies ready for the arrival of Baby Heys. Elliot said 'We had to investigate what type of nappy would be the best for value for money and the best nappy in terms of absorbency. There were some really expensive ones.' Archie said 'To make it fair we put all the prices together to work out the price of one nappy,' and Reuben said 'We applied water and food colouring to a nappy to see how much it would absorb, having measured equal fluid.' Harriet said 'We added salt to like make it more like urine and Anieke said 'We squeezed them to check how much urine may come out and therefore not be absorbent.' Class 3 recommend 'Pampers' nappies although 'Little Ones' from Sainsbury's came a close second because of their value for money!

### Rugby Success

Archie, Elliot, Evie, Harriet, Isabella, Oliver, Reuben, Sam played as a superb team in the rugby tournament at Outwood. Harriet said 'We played North Stainley, Kirky Malzeard, and Sharow and Oliver we thrashed them 0-5 was out best score but sadly we lost in the final to Kirby Malzeard by 1 point. Isabella says we still get to go to the final after half term. Evie said we learnt that we need to space out even more, but we did really well, Reuben said we are really proud of our achievements because all the other schools brought more teams and we had one. Archie said 'I was really proud because of our team spirit and good sportsmanship when we were subs.'
