### Inspire, Believe, Respect, Achieve Together We Shine

Charlotte H - for cheering everybody up with your happy smile; Ruby C - for being enthusiastic about your learning and giving it your all; Henry - persevering in maths with a positive attitude; Jenny and Charlie - for believing in yourselves and getting to grips with column addition; Harry - for high quality writing, beautifully presented; Fenton - brilliant presentation; Matilda - for working your socks off!

### A week of staying safe and taking care of ourselves

Class 3 met with Dementia Forward on Monday and learnt about the effects of dementia and taking care of people living with the disease. Warwick and Matthew said: 'We learnt that some of your brain actually disappears' and Tom said: 'Someone is diagnosed with dementia every 3 seconds.' The Fire Service brought a fire engine into the playground and Reuben said: 'We all learnt how to crouch down if there is smoke.' Jenny said: 'When the fire alarm goes off you put the back of your hand against the door knob to see if it is hot. If it is don't open it. They said to test our smoke alarms at home too.' Elody said: 'They have different hoses and axes in the van. On the video Fireman Sam said 'kids don't touch fireworks on their own.' We have to GET OUT, STAY OUT, GET THE FIRE BRIGADE OUT!'

### India is peaceful...

India is peaceful,  
India is fun  
so much to do there;  
You'll never get it done.

I would really like to go,  
Because I've never been  
I would really like to go;  
So much I haven't seen.

There's the Himalayan Tiger  
And mountain sheep  
There are hundreds of mountains;  
They're all very steep.

Good old Mount Everest  
And really big Karmet;  
The massive Meru peak  
And little Doddabett.

There's the National Lotus Flower  
Which I think is very pretty;  
The weird looking monkey cup  
That is both ugly and witty

India is peaceful  
India is fun  
so much to do there  
You'll never get it done...
