

Teachers Weekly Update

Friday 18th September 2026

Next week...

Kites have been absolutely fantastic on their return to school. We have hit the ground running already! In English Year 4s will be continuing their work investigating Shackleton's Journey. There will be descriptive pieces and letter writing coming up! Year 5&6 we will be watching the rest of the Guardian's 'Three Little Pigs Project' and beginning to build their arguments for the courtroom! In Science, dental hygiene is being investigated and then we'll be looking at animal teeth to determine the diet of long dead creatures! Geography will have us looking into the uses of the rainforest, plants, fruit and materials in preparation for our Harvest work!

Stars of the week

Y4 – Lyra, an absolutely brilliant start to year 4. Straight into CCWC, speaking in front of people, taking your work and writing to the next level. Such a great start!

Y5 – Thomas, you have started this year exactly how you left year 4. Your confidence is soaring and your work and effort in class is too. You are going to be pushing the Y6s all the way!

Y6 – Millie H, you have already been demonstrating what an incredible role model you're going to be this year. Leadership, responsibility and maturity all on display – week two!!!

Recommended Read

Only right that my first recommendation of the year is historical fiction! This is a story about the culture clash between the Anglo-Saxons and the Normans. Written as a comedy, this is a romp through the early days of the Norman Invasion and how it impacted the Anglo-Saxon people already living in England (and Wales). It is full of historical details, all cleverly disguised as a funny story.
