

Teachers Weekly Update

Friday 2nd October 2026

Next week...

We are going to be applying our decimal fractions knowledge to word problems and creating our own challenges for each other. In Year 4, we are continuing our work on compliments to numbers to 1000 and beyond!

We will be doing a lot of recall for our foundations subjects next week and revisiting all of the key knowledge from science, geography, PSHE and R.E. before completing our post-assessments.

Next week is Forest School for Year 4 on Thursday!

Our guided reading sessions are heating up with *Zombierella* and *Good thieves* as we get closer to the climaxes of each book!

Stars of the week

Recommended Read

Written with humour and clarity, this non-fiction book breaks down complex ideas associated with the Internet – like data packets, algorithms, networks, and cybersecurity – into manageable and child-friendly explanations supported by diagrams and real-world examples. This is a great non-fiction read for pupils interested in computing, science, and PSHE.
